## Plain III Round

### Product description

Plain III is a modular lighting system. The chosen number of lighting modules is mounted on a pole with a diameter of 60, 76, or 100 mm. The pole is part of the lighting system. Enclosures available in two shapes: round or rectangular (Ortho). Housing made from aluminum to maximize heat dissipation and service life. Durable powder coating (default color DB 703). Fasteners made from stainless steel. Replaceable LED modules and advanced optics allow for flexible lighting configurations. Integrated power supply unit with long service life.
